

Roundtable discussions are a great opportunity to review, discuss, question and learn best practices with credit professionals of countless experience and backgrounds, across various industries and company sizes. It is a great opportunity to network with other credit professionals that you can later reach out to regarding the roundtable discussion or other related credit processes or circumstances. They are equally beneficial to both the newer and the more experienced.

2017 Ohio December Breakfast Roundtable Discussion

CREDIT INSURANCE MUCH MORE THAN RISK MITIGATION

Moderator: *Greg McBride, Euler Hermes North America*

Why Trade Credit Insurance?

Each time you grant credit to your customers, your company is exposed to the risk of non-payment. Credit insurance ensures your invoices will be paid and allows you to manage the commercial and political risks of trade. This can ultimately help your business avoid catastrophic losses and safely grow sales.

When your receivables are insured, your company can:

- Grow sales safely, domestically and abroad, to new and existing customers
- Protect your business from risk of customer default and catastrophic loss
- Reduce bad-debt reserves
- Obtain greater access to funding and secure better finance options
- Expand export markets and offer competitive terms overseas
